Reading

Read the following passage and underline all the words with 'sh'.

The farmer pushed the shed door shut with a sigh and started to walk back to the house. He knew that his wife had been to the shop and bought fish and chips for tea, and he wished he had time to sit down and eat, but he was short of staff and had to rush to do all the jobs himself.

Suddenly, he heard something crashing through the bushes. He grabbed his shotgun and started to aim at the shadow he could see under the trees. "It's that possum again", he thought to himself. "I'll shoot it this time". But then, at the last minute, he saw the shape clearly and stopped. "Phew", he muttered, shaking with relief. "I wouldn't want to shoot the wife's pet sheep".
